TURKISH COURT PAVES WAY TO TURN HAGIA SOPHIA INTO A MOSQUE

A Turkish court struck down the 1934 Cabinet decree that turned Istanbul's Hagia Sophia into a museum, paving the way for its use again as a mosque after an 85-year hiatus.

AN NGO IN Istanbul, the Permanent Foundations Service to Historical Artifacts and Environment Association, had filed a petition at the Council of State seeking annulment of the decision to convert Hagia Sophia into a museum after being a mosque for nearly 500 years.

The court heard the parties' arguments at a July 2 hearing before issuing its ruling.

Under the Byzantine Empire, Hagia Sophia had been used as a church for 916 years. In 1453, after the Ottoman Empire conquered

Istanbul, it was converted into a mosque by Sultan Mehmet II.

An unparalleled treasure of world architecture, Hagia Sophia underwent restoration work during the Ottoman era, including the addition of minarets for the call to prayer by famed architect Mimar Sinan.

Under the Turkish Republic, it became a museum in 1935.

In recent years Turkish leaders have called for its use as a mosque again and allowed Quran readings there on special occasions. ■

'QURBANI APP' LAUNCHED WITH EIDUL AZHA RIGHT AROUND THE CORNER

04

With Bari Eid just a few days away, Pakistani developers have launched an app for all the livestock trade.

MAKING CHANGES to our lives to try and stay safe amid the Covid-19 pandemic, Qurbani App is a welcome initiative. The app lets livestock buyers and sellers share their animals with the community. They can interact with one another and share their opinions on goat, sheep and cows.

The Qurbani service can deliver goats right to your door step, sacrifice and deliver meat, or distribute meat among the

deserving communities in the country. Users can also order goat, sheep or cow for Sadaqah 24/7 from across the globe.

Qurbani App is transforming the livestock sector in Pakistan by providing a platform for livestock buyers and sellers, users can interact with each other share their opinions on the animals and vets can help inform buyers regarding livestock diseases as well! ■

05

THESE VIDEOS accounted for less than 1% of the total posted on the platform and fell under categories such as "violent and graphic content, hate speech and adult nudity", it said in a report released on its website.

About one-third of the videos were from India, followed by the United States and Pakistan, it added.

The transparency report comes days after the company owned by China's ByteDance was banned from India, one of its biggest markets, after a Sino-India border clash. The short-form video making app also decided to exit the Hong Kong market following China's establishment of a sweeping new national security law for the semi-autonomous city.

The company launched a new platform to court small business advertisers. The platform, however, was fraught with challenges, especially after the Trump administration's threat

'The Crown' returns for final season

Netflix recently announced that there will be a sixth and final season of The Crown.

Cindy Holland, vice president of original content at Netflix said, "The Crown keeps raising the bar with each new season. We can't wait for audiences to see the upcoming fourth season and we're proud to support Peter's vision and the phenomenal cast and crew for a sixth and final season." ■

NETFLIX HAD previously said that the show would end after season five, going back on the original plan of ending after six seasons. "News from the palace: we can confirm there will be a sixth (and final) season of The Crown, in addition to the previously announced five!" the official Netflix UK Twitter account announced.

The show is based on the monarchy of Queen Elizabeth II and each season

is designed to cover one decade of her reign. Imelda Staunton will play the Queen in the final two seasons, taking over from Claire Foy and Olivia Colman, who played the part in two seasons each. The Colman-fronted fourth season will air later this year.

"As we started to discuss the storylines for series five, it soon became clear that in order to do justice to the richness and complexity of the story, we should go back to the original plan and do six seasons. To be clear, series six will not bring us any closer to present-day — it will simply enable us to cover the same period in greater detail," creator Peter Morgan has been quoted to have said.

We Are Just Friends: Hania confirms NOT dating Asim Azhar

The Dilruba actor made the revelation in a live chat session with singer Aima Baig

AFTER BEING widely speculated of dating singer and youth heartthrob Asim Azhar, actor Hania Aamir has finally confirmed that she is not in a relationship with anyone and is only friends with the singer.

The Janaan starlet was speaking to bestfriend and singer Aima Baig in a live session last night where the two were engaged in a light-hearted conversation about life and career. A clip from the very same video is now

going viral all over social media where the actor can be seen responding to a question regarding her relationship status.

Answering the question, Hania said, "He's asking if we're still together. We're friends, we're not together, we're not dating, we're not a couple. But we are best friends."

The statement not only has surprised fans of the two but also Aima who responded, "ye tou mujhe bhi nahi pata tha (even I didn't know about this)."

However, Hania ensured that she's not making it up and continued to reiterate her previous statement this time

in a more serious tone. "No nolisten, actually, we're great friends. We're there for each other and I even played a part in his video," she added.

Earlier this month, Hania had made a special appearance in AsimAzhar's latest video 'Tum Tum' which has become a huge hit while also stirring a bit of a controversy.

While talking more about how the two intend on working together on the

professional front, Hania said, "And I'm going to make him help me with a song that I'm doing. He's going to be there for that and I hope I can make him do it."

Ending the conversation, Hania said that currently her only boyfriend is her work and herself. "But as far as relationships and 'are you together?' is concerned, I'm not with anyone."

Meanwhile, a little over a year ago, Asim when answering a question about his relationship status with Hania in an interview with the BBC Asian Network had said, "I feel like she's the kind of person who brings a lot of positivity in my life, It's so much fun being around her. We're always laughing. It's nice to have someone be genuinely supportive towards whatever you do."

"You see my heart beating very fast. I don't think I'm in a position to answer that causally or frankly," he added on being furthered asked about his relationship. "Any comment, whether yes or no I would want her consent. I don't want to say something on my own then have the other person say, 'I'm also involved in this equation, whatever question was asked'." ■

SUMMER IS THE HARDEST
YET THE BEST SEASON TO
SPORT COOL TRENDS;
READ UP AS WE ANSWER
SOME QUESTION ON HOW
TO WORK YOUR STYLE GAME

KJ APA

Q I consider myself a modern fashionable man and would really like to ditch my solid shirts for something more fun, maybe like florals. Is that a good idea?

A It's great to know that you're experimenting with your wardrobe and Yes florals are the best idea. The gents have made a huge transition towards the flowery prints. Today brands like Gucci, Loewe and Dior have all played with the tropical print for their latest collections and a floral print outfit isn't something just for a Hawaiian vacation anymore.

Q So I have this really important Zoom meeting coming up and I have this big zit on my cheek. Please tell me there's a way I can hide it before everyone 'zooms' into it?

A Boy, steal that concealer from any lady in your house and dab dab dab!! But seriously, yes men tend to get lost when it comes to figuring out what to do with a breakout. For this very reason it's always a good idea to do some beauty shopping and get you an all essential concealer.

Q I have been wearing my same sneakers for the longest time now. Black or Blue, winter or summer, they are my staple for every season but how can I add some colour to my footwear options?

A That's so true! Black and blue are the most common colours men see whenever they shop and especially when it comes to picking out footwear; their first choice would always be the safest pair of sneakers from the brand they have been wearing since college. From prints to colourful stripes to even florals, there's a lot of choice to play around with so please go ahead and experiment.

STYLE RADAR SHORT SUITS

The biggest fashion takeaway from the work from home culture created during the pandemic lockdown is the short suit. Working from the comfort of your home or attending a meeting over Zoom, a lot of us have ditched our pants for comfy shorts to go under formal office wear however this isn't the first time the trend has been spotted. A lot of fashion brands recently have also introduced their version of a short suit which makes the trend a wardrobe winner.

Short Hair To Beat The Summer Heat

Most of our favorite celebrities are all rocking the newest hair trend: short hair. What's better than beating the summer heat with short and stylish hair

MADIHA IMAM

Madiha Imam who's usually seen on screen with long hair, sports a clean bold short hairstyle in real life and recently she's chopped them off even more and we are totally in love with it. Her neat and straight cut gives her a casual yet chic look and her short hair looks very easy to manage, especially during this heat! The old school one side tucked behind the ear style heightens the look, making her eyes stand out.

SYRA YOUSUF

Syra Yousuf is just one of those girls who can never go wrong with any style. Whether she's flaunting her long hair or cuts them short, she's always the one to stand out and make a statement. And her new short hair is no different. The new hairstyle makes her look sharper and more youthful. Syra either straightens her hair or keeps it natural. She doesn't have to put in much effort to maintain her hair anymore, because her natural short hair looks beautiful as is.

ZARA PEERZADA

Zara Peerzada keeps her short hair curled or wavy majority of the time to give her hair more volume. Her short hair is much shorter than those of her fellow celebrities which is a very bold statement in itself and don't well all just wish how we could also pull off short hair as effortlessly as this quirky model does. Also it's worth mentioning here how she's gifted with the perfect cheekbones that stand out and her nose looks more defined now. Zara's short hair is inspiring!

ZHALAY SARHADI

While she may have sported long locks at the beginning of her career but Zhalay Sarhadi has mostly maintained short hair, which look perfect on her, but recently she cut it even shorter! To top off her new look, she even dyed it back to black and added a fringe. We must say this was quite a big change, but we love it! Not only does she look fresh, but her short hair must be so easy to manage now, especially when it's getting hotter day by day.

5 TikTok Beauty Trends That Are All the Hype Right Now

Ever gotten lost in a TikTok scroll? We definitely have – it’s worryingly easy to do! One minute we’re picking up our phone to send a quick text, then suddenly two hours have passed, and we’ve become an expert in TikTok dance challenges. Between those dance routines, DIYs, crazy hilarious and weirdly satisfying videos, there are tons of beauty hacks. So, to make use of our extensive scrolling habits, we’ve curated a list of the 5 best TikTok beauty hacks we’ve seen so far. You’re welcome!

How to make your makeup long lasting & look flawless

We’ve sort of had our makeup routine set since the beginning; moisturize, prime, apply foundation, other cream products and finish by setting with powder. But @jaridamat has us second guessing this method.

How to clean your makeup brushes

When it comes to cleaning makeup brushes, we’re guilty of being inconsistent with this. It’s important to make sure we do not let dirt and bacteria build up on our makeup brushes over time and more importantly make sure it’s not touching our skin! @hudabeauty shows us how to make sure our brushes become squeaky clean (and also gives us some major ASMR tingles!)

How to achieve eyebrows that are quite literally on fleek

Lash glue is something we wouldn’t think is multipurpose, but @nadiaarechiga shows us how it can totally change your brow game.

How to get your liner to look perfect

Either you’re an eyeliner goddess or you can’t line your eyelids to save your life – there’s no in between. Although we usually opt for a gel or liquid liner; @bondenavant shows us a trick for a more intense look.

How to contour your nose like a pro

The queen of the YouTube makeup world has also started to share her expertise with short TikTok videos. Nikkie shows us a fool-proof trick to contour your nose.

TASTE BUDS ON A DELICIOUS RIDE WITH CHAO CHAO DYNASTY

Searching for a good Chinese take-out? After a long hectic day, or on a lazy day, we all tend to crave Chinese food - Chao Chao Dynasty is here to save the day for all the Karachiites!

It was an extremely flavourful experience trying out the new Chao Chao Dynasty's menu the other day. The owner was kind enough to guide us through the entire menu from which we chose the dishes we wanted to try. Customer service is key and

Chao Chao Dynasty tends to look into each and every order, personally. We ordered: Hot and Sour Soup, Vegetable Fried Rice, Hunan Beef, Kung Pao Chicken

I would like to firstly emphasise on their prompt delivery. Their aim is to deliver the food within 40 to 50 minutes. They had followed all the SOPs while delivering the food which came piping hot and ready to be served. Hot and Sour soup was cooked to perfection and flavours were on point. Hunan Beef was the dish I really wanted to try because I have only had it once in Karachi from a different restaurant and this one definitely out did it! The beef was juicy, tender and full of flavours. I am yet to meet a person who isn't a fan of Kung Pao Chicken and Chao Chao Dynasty's is definitely one that you must try!

A new food joint on the block, definitely satisfies all our food cravings! They are expanding their menu as the days go by, and it seems we are ready for a round two!
